is but a short time--10 days--but into these ten days will be crowded such a volume of lively retail merchandizing at our store, such as you never see outside of the large metropolitan stores. Why has our store been crowded every day for the past twenty days, when other merchants were complaining of dull business? Why will it be more so the next ten days? The answer is not far to seek. It is summed up in a few words:

Large Assortment and Low Prices.

Do you want to buy Christmas presents? Of course you do. Then can you name any two stores in town where you can get one-half the variety you get here? Cast your eye over this list and remember we can furnish everything named at prices that make others envy us:

CURSES ON THE JUDGE

Whisky Men Have No Use For
P. M. Smith.

THEY ARE AFRAID OF THE LAW

A Bitter Denunciation From the Official Organ of the Liquor League Protests Against Prosecution--The Wolf Shows Its Ugly Fangs.

The Wine and Spirit News, which announces that it is the official organ of the Ohio Liquor league, thus heaps infamy upon Columbiana county:

"Something is going to drop in this neck of the woods which will have a tendency to open the eyes of certain people who now have things their own way. If there is one thing worse than a narrow and bigoted judge, exercising the powers of a self-appointed tyrant, it is a sycophantic and crawling lawyer, who throws his client down to win the favor of the judge in other cases. The tyranny and pig-headedness of the judiciary of Columbiana has not been exceeded in any other county of Ohio, and for that matter in any state save this one. All kinds of cases were worked up against the members of the trade, and in the prosecutions, which were more like persecutions, every substance of law and evidence were disregarded. The defendant was considered guilty until he was able to prove himself innocent. The constitution of the state and the laws were brushed away by judges and cowardly lawyers, who seemed to stand in with the bench in inducing their clients to enter a plea of guilty. About all that the ordinary judge would want to know was the nature of the business conducted by the defendant. If he was a saloonkeeper, the usual answer was \$50 and costs. The victims have never until now appealed the case. They did not seem to note the fact that there was one sort of justice for Columbiana county and another for the balance of the state. In the future they will fight the cases to the higher court. There are circuit courts and supreme courts, which do have regard for law, and hereafter the dealers in this county will dispute the self-titled czars, who are not fit to be justices of the peace, let alone judges on the bench.

"James Massey is president of the league, and D. A. Devine secretary. Subscribers of the Wine and Spirit News are as follows: C. A. Hutchinson, National House; D. A. Devine, Joe Turnbull, James Massey, William Morrow, J. W. Geon, J. Manley, Jr., Arthur Stanway, Commercial House; George Hancock, C. F. Bauman, Nick Murray, John McFadden, S. Hague, opera house; George Merz, W. N. Foutts, Frank Rigot, W. H. Greenwood, E. W. Thompson, J. Freis Strofer, D. Bernhard, F. Oschman."

The article explains itself. It is a vile libel upon the enforcement of law in the county. The wolf, so long pretending passiveness, growls and shows its teeth in a manner which cannot be mistaken.

EVANGELISTIC MEETINGS.

Mrs. Trego Addressed a Fine Audience Last Night.

There was a nice audience present at the Methodist Protestant church last night. Mrs. Trego made many friends through the medium of a splendid address, dealing with practical, everyday Christianity. You are missing a blessing when you fail to hear this eloquent woman. She has for you a message of love, sent by the hand of the Master, and this Christian lady, intensely in earnest in her glorious work, will be glad to deliver this message, and to extend to you the right hand of Christian fellowship.

Meetings will continue in the church every night this week. Bible readings every afternoon, at 2:30, in the lecture room. The opera house, Sixth street, has been secured for next Sunday night. Make note of this, and see to it that you avail yourself of possibly your last opportunity to hear this gifted Christian woman. There will be no admission fee charged.

TO PIKE THE ROADS.

H. O. Hershey Wants to Sell the Trustees a Crusher.

H. O. Hershey, the agent who sold the city the sweeper, is in town on business connected with the township trustees. He wants to sell them a stone crusher, and points out that, with this machine, the problem of bad roads for this part of the county can be solved in a short time. Mr. Hershey estimates that the money now wasted in the old order of what is known as road improvement, would in eight years pay for a pike from here to Lisbon. He thinks the crusher an economical addition

tion to the equipment of any township. The trustees have but little available money, and while recognizing the argument of the agent, cannot see how they can buy a crusher this season.

ALMOST RUN DOWN.

Trustee Lloyd and Doctor Williams Had a Close Call.

Trustee Lloyd and Doctor Williams had a close call at the Horn switch last night, their buggy narrowly escaping a collision with a street car. The gentlemen were driving from Lisbon, and imagined there was no danger, when a car dashed down Franklin street. Their horses took fright, and sprang forward on the track, but the bright light scared them back, and this alone prevented a serious accident, as the horses were on the track and it would have been impossible for the motorman to stop the car in that short distance. The buggy was broken while the horses were rearing and plunging.

SPENT THE TIME PLEASANTLY.

The Elks and Their Friends Enjoyed a Social Session.

Almost 200 people filled the cheerful quarters of the Elks last night, the occasion being the first open social session of the season. Miss Laura Geon recited the "Priest's Leap" in a manner which brought out loud applause, and Miss Gertrude De Temple sang "Jerusalem" most acceptably. A piano solo by Mrs. Griffith-Dix was one of the most pleasing features of the program. Elaborate refreshments were served at midnight. Dancing was the principal amusement. It was indeed a happy occasion.

BEST EVER SHOWN.

The Potteries Never Had Better Lines of Ware.

"The East Liverpool potteries never had a better line of ware than they will put on the market after the first of the year," was the way a leading manufacturer put it this morning. "The shapes are what we expect to be good sellers, and decorations have never been near what we have now. They are artistic and beautiful, something that will sell because it pleases the eye. It is my belief that the future is full of improvement for potting, and if we want our share of the trade we must lean more and more to the artistic."

A CLEVER GENTLEMAN.

He Was Successful in Soliciting Advertising.

Mr. Jay G. Whittier, who has for the past few days been canvassing in the interest of special advertising in East Liverpool, is a clever gentleman, of most pleasing address. In his business connected with this paper he has kept his word to the letter. Mr. Whittier has traveled extensively throughout Uncle Sam's domain. He is a pleasing conversationalist, which he knows how to impart in a manner to make friends. He goes from here to Beaver Falls. Success attend him in the right.

DEPENDS ON TARIFF.

Favorable Conditions Will Allow Pottery Improvements.

Mr. Fritzsch, agent of the company manufacturing the sprinkler for factories, was in the city today looking after business. The gentleman has arrangements with the Thompson, Sebring, Dresden and Standard companies, and if the potters are given proper protection and business becomes better these plants will be provided with the system. Mr. Fritzsch went to Toledo this afternoon, where his company have a big contract with a glass company.

NO DRINKING ALLOWED.

A Bridge Employee Discharged For Carrying a Bottle.

The snow greatly increased the danger to workmen employed on the bridge, and extreme care was exercised by the foremen. One man was found to have a bottle in his pocket, and when the foreman discovered it contained liquor, and a portion of it had already gone down the man's throat, he discharged him without a word of explanation. He would not allow the man to endanger his life and perhaps the lives of others.

AN ELABORATE CATALOGUE.

The Library Will Be Provided With an Interesting Pamphlet.

Professor Sanor and Secretary Danberg will soon give to the public an elaborate catalogue of the books to be found in the library. Five thousand are being printed, and one will be placed in every house in the city. The book contains instruction which the average reader will receive with thanks, and the books recently added to the library are listed. The catalogue will be complete in every particular.

PATRIOTS OF AMERICA

A New Scheme of the Big Silver Syndicate.

FORMING A STRONG SOCIETY

Is the Latest Move of the Defeated Friends of Free Coinage--Circulars and the Official Organ Received by Good Republicans.

If the amount of literature dealing with the subject is sent here with a purpose, the Patriots of America are endeavoring to obtain a foothold in this city and county.

Within the past week or two a number of Republicans, one of them a well known physician, have received copies of a paper known as the Bulletin and a great deal of literature dealing with the aims and work of the order. The Bulletin prints no news, and is simply an argument favoring the society. Under double column headlines it sings the praises of the patriots of America, and recites at great length what it styles "the wrongs of the people." Republics, it says, have degenerated to monarchies, and monarchies to barbarism, while some countries are in the grave of civilization. The society pretends to be for the good of the people, its chief officer being compelled to swear that he will not take public office until 90 per cent of the order demand it, and he will never accumulate more than \$100,000. There are state, county and local officers who have all sorts of duties toward their neighbor to perform. None but citizens of the United States can become members, and his religion can be anything he desires. Fifteen months before election a vote is taken, and the society decides what shall be the issues of the campaign.

Throughout the paper and circulars the attempt is made to show the order is purely for the good of the people, but a two-column announcement of Coin's Financial school, and the name of W. H. Harvey, as national recorder of the order, reveals the presence of the biggest kind of a darky in the woodpile. Other features are as thinly screened, particularly the mention of names well known to the silver camps of the west, which shows the society to be for the advancement of the cause of silver. Local silver men deny all knowledge of the organization.

LAYING IRON.

First Rails For the Street Railway Have Been Put Down.

The bridge company had a force at work today laying iron on this side of the river. They placed rails on the property of the company leading from Cook street to the bridge. When the workmen began operations this morning the report was spread through the city that the company would at once settle its line, and when it was completed, settle on the conditions of the franchise with council. President McDonald said they would of course do nothing without the consent of council.

MUST ATTEND SCHOOL.

The Attorney General Renders an Opinion on the Law.

Attorney General Monnett has rendered an opinion dealing with the compulsory education of children. The attorney general holds that every minor between fourteen and sixteen years of age, whether he can read and write the English language or not, is obliged to attend school unless he is engaged in some regular employment, and that upon proper notice being served penalties can be inflicted under the statutes upon parents, guardians, etc., for neglect.

SHOT IN THE STOMACH.

A Lisbon Liveryman Fatally Injured While Hunting.

LISBON, Dec. 17.—[Special.]—Word reached here this afternoon that W. C. McQuillen, the liveryman whose stable in this place burned down a week ago, was dying at his father's house near Summitville. He was hunting, and had occasion to crawl through a brush fence. His gun exploded, and the charge entered his stomach, tearing it open and giving him his death wound. He was taken home and will probably die.

TICKETS FOR THE POOR.

Help the Ladies Give the Children a Merry Christmas.

The ladies who have taken charge of the treat for the poor children of the city, have secured the opera house, and it will be held there the afternoon of the day before Christmas. The entertainment will begin at 1 o'clock, the principal features being "The Santa Claus Boys," a cantata, and fancy marching

by a dozen little girls. Toys and candies will be distributed to the poor children, and they will be made to enjoy the occasion. The ladies ask that charitable people call at the Young Woman's home, Market street, and obtain tickets for distribution among the poor. They have been unable to obtain a complete list of those whom they desire to have present, and take this means of reaching those whom they may have missed. They will charge 10 cents for children and 15 for adults who attend the entertainment, excepting the poor. The money will go toward paying expenses.

VERY SLOW AT BEAVER.

The Case Against Dr. R. J. Marshall Was Not Reached.

BEAVER, Dec. 17, 3 p. m.—[Special.]—The trial of Dr. R. J. Marshall has been hanging fire all day, and was not reached this afternoon.

It was generally conceded this morning that nothing would be done until noon, and the people of Beaver showed no interest by their presence, but when court convened this afternoon the room was crowded, and everybody had come to hear this trial. They were disappointed for the trial of two criminal cases had precedence. This had no effect upon the crowd, and several hundred people sat during the entire afternoon hoping every minute some one would plead guilty, and the Marshall case would be called.

A rumor was afloat this morning which said the prosecution would not appear when the case was called. Wallace and Hoyer denied this a short time ago. They said they had been here with their witnesses for three days, and they would come back every day until the case was decided for or against them.

From present indications there may be a start tonight, but it is scarcely probable. The hearing now in progress can only end before evening by the accused pleading guilty. In that event the jury will be called this evening, and the case of Doctor Marshall will have a clear track for tomorrow. No one here expects to see anything done today.

Public sentiment is of course divided, but the many friends of Doctor Marshall in Beaver are convinced of his innocence, and are not slow in saying it. The number of witnesses is even larger than at the first trial a few months ago.

ONLY SIX WEEKS ILL.

Charles Harshey Died at 10 O'clock This Morning.

Charles Harshey, son of Mr. and Mrs. Haney Harshey, died at their home on Fourth street at 10 o'clock this morning. Deceased was seized by spinal meningitis six weeks ago, and his death has been expected for several days. He was 20 years old, and was very well known in the city. He was a mouldmaker at the Sebring pottery, and popular with all who knew him. The funeral will be announced tomorrow.

THE LAST DAY OF SCHOOL.

Appropriate Exercises In All the Buildings.

Tomorrow is the last day of the term, and appropriate exercises will be held in all the schools in the city. Elaborate preparations have been made, and programs will be carried out in all the rooms. The high school will have an especially good literary program, and the other rooms at Central building will observe the occasion appropriately. The schools will not open until the first Monday in January.

A CHRISTMAS ENTERTAINMENT.

First Presbyterian Scholars Will Enjoy a Treat.

Preparations are being made for the annual Christmas treat at the First Presbyterian Sunday school. It will likely be held on Christmas night, when a musical and literary program will be rendered. In the neighborhood of 100 prize books will be distributed, and the scholars will be given the usual appropriation of candy.

LECTURE COURSE.

Postponement of the Next on the List.

The entertainment next on the list of the Young Men's Christian association course, which was to have taken place on Friday, Dec. 18, has been indefinitely postponed, on account of the great number of entertainments which are booked for this month. The next entertainment date will be given in the daily papers.

GEORGE HECKATHORN INDICTED

He Must Answer the Charge of Assault and Battery—Other Culpits to Be Heard by the Court Next Week—Business Booming In Lisbon.

LISBON, Dec. 17.—[Special.]—The divorce and alimony action of Susan Hoffman against L. Hoffman, which was heard on yesterday's assignment, was heard on the question of divorce only, alimony having been arranged between the interested parties before coming into court. Mrs. Hoffman's claim was drunkenness and cruel treatment. The parties have lived for a number of years in Unity township, were married 32 years ago, and are the parents of seven children, one minor daughter being given to the mother.

W. H. Thompson, who was brought to the Lisbon jail a few weeks ago in default of bond, was arraigned last evening. He pleaded guilty to a serious charge preferred by Ida Prickett. The court sentenced him to pay her \$450.

Mrs. Mary Beloutt, of Hanover, has been divorced from Almer R. Beloutt on grounds of habitual drunkenness. The plaintiff was given her maiden name, May Millward.

The case of Isabelle Charlton against William Patton has come to court from the docket of Squire Logan, East Palestine, where the defendant was bound in the sum of \$200 to answer a charge of a delicate nature.

Mrs. Emily Jordan, of this place, has applied to the court for an order restraining Lisbon from assessing against her \$65 due for sidewalks constructed along her property. The petition claims that the ordinance passed two years ago was unconstitutional, as the proper steps had not first been taken, and after its passage no notice of the resolution was served upon her. She asks the village be restrained from certifying the claim to the auditor.

The special grand jury reported to the court last evening as follows: George Heckathorn, East Liverpool, assault and battery; Charles P. Case, Rogers, assault, with intent to kill; Edward Green, Salem, assault and battery; Ed Gorthwaite and James Bell, Leetonia, petit larceny; John Dolan, Salem, forgery; Lewis Wickline and Lewis King, Salem, burglary.

A night session of court was held, and the prisoners arraigned, pleas of not guilty being entered in each case. The men will be tried next week.

John and William Brown, who operate the old Farmer mine at Salineville, were brought into court last evening, and convicted of contempt in having disobeyed its orders in regard to the mining of coal from that part of the mine under Salineville, against which an injunction was issued some time ago. The injunction was afterward modified and the Browns allowed to work a certain portion of the mine. The charge of contempt was not proven to have been done maliciously; but they had been careless, and were simply fined the costs. In passing on the matter, Judge Smith also rendered his decision in the case as it was tried to him several months ago, and made the injunction perpetual, prohibiting all work in the mine. The Browns will appeal.

Judge Smith was notified of the death of Judge Pease, in Massillon. A number of the members of the Columbiana county bar will attend the funeral.

TWO HAPPY DRUNKS.

They Were Captured by the Police and Paid for Their Fun.

George Speck was drunk when Officer Earl found him on Fifth street last night. He acknowledged his mistake to Mayor Gilbert, and paid the assessment of \$6.75.

Henry Holmes was the name given by a drunk found on Second street by Officer Bertele. He was fined \$6.75 and paid.

Hugh Martin was released from jail last night after paying the amount usually charged for his offense.

JUSTICE WILL WORK.

Cases Filed In the Squires' Courts This Morning.

The squires are doing a good business this week, and suits have been filed almost every day.

H. S. Rinchart this morning added to the docket of Squire Rose by serving George Bell for \$5.50. The case is listed for trial next Monday morning.

W. A. McCrea, of Canton, wants \$33.38 from Henry Ivers, who gave him a note for that amount.

A Lisbon Liverman Fatally Injured While
Hunting.

LIBSON, Dec. 17.—[Special.]—Word reached here this afternoon that W. C. McQuillen, the liverman whose stable in this place burned down a week ago, was dying at his father's house near Summitville. He was hunting, and had occasion to crawl through a brush fence. His gun exploded, and the charge entered his stomach, tearing it open and giving him his death wound. He was taken home and will probably die.

TICKETS FOR THE POOR.

Help the Ladies Give the Children a Merry
Christmas.

The ladies who have taken charge of the treat for the poor children of the city, have secured the opera house, and it will be held there the afternoon of the day before Christmas. The entertainment will begin at 1 o'clock, the principal features being "The Santa Claus Boys," a cantata, and fancy marching

by a dozen little girls. Toys and candies will be distributed to the poor children, and they will be made to enjoy the occasion. The ladies ask that charitable people call at the Young Woman's home, Market street, and obtain tickets for distribution among the poor. They have been unable to obtain a complete list of those whom they desire to have present, and take this means of reaching those whom they may have missed. They will charge 10 cents for children and 15 for adults who attend the entertainment, excepting the poor. The money will go toward paying expenses.

VERY SLOW AT BEAVER.

The Case Against Dr. R. J. Marshall Was
Not Reached.

BEAVER, Dec. 17, 3 p. m.—[Special.]—The trial of Dr. R. J. Marshall has been hanging fire all day, and was not reached this afternoon.

It was generally conceded this morning that nothing would be done until noon, and the people of Beaver showed no interest by their presence, but when court convened this afternoon the room was crowded, and everybody had come to hear this trial. They were disappointed for the trial of two criminal cases had precedence. This had no effect upon the crowd, and several hundred people sat during the entire afternoon hoping every minute some one would plead guilty, and the Marshall case would be called.

A rumor was afloat this morning which said the prosecution would not appear when the case was called. Wallace and Hoyle denied this a short time ago. They said they had been here with their witnesses for three days, and they would come back every day until the case was decided for or against them.

From present indications there may be a start tonight, but it is scarcely probable. The hearing now in progress can only end before evening by the accused pleading guilty. In that event the jury will be called this evening, and the case of Doctor Marshall will have a clear track for tomorrow. No one here expects to see anything done today.

Public sentiment is of course divided, but the many friends of Doctor Marshall in Beaver are convinced of his innocence, and are not slow in saying it. The number of witnesses is even larger than at the first trial a few months ago.

ONLY SIX WEEKS ILL.

Charles Harshey Died at 10 o'clock This
Morning.

Charles Harshey, son of Mr. and Mrs. Harshey, died at their home on Fourth street at 10 o'clock this morning. Deceased was seized by spinal meningitis six weeks ago, and his death has been expected for several days. He was 30 years old, and was very well known in the city. He was a mouldmaker at the Sebring pottery, and popular with all who knew him. The funeral will be announced tomorrow.

THE LAST DAY OF SCHOOL.

Appropriate Exercises In All the Build-
ings.

Tomorrow is the last day of the term, and appropriate exercises will be held in all the schools in the city. Elaborate preparations have been made, and programs will be carried out in all the rooms. The high school will have an especially good literary program, and the other rooms at Central building will observe the occasion appropriately. The schools will not open until the first Monday in January.

A CHRISTMAS ENTERTAINMENT.

First Presbyterian Scholars Will Enjoy a
Treat.

Preparations are being made for the annual Christmas treat at the First Presbyterian Sunday school. It will likely be held on Christmas night, when a musical and literary program will be rendered. In the neighborhood of 100 prize books will be distributed, and the scholars will be given the usual apportionment of candy.

LECTURE COURSE.

Postponement of the Next on the
List.

The entertainment next on the list of the Young Men's Christian association course, which was to have taken place on Friday, Dec. 18, has been indefinitely postponed, on account of the great number of entertainments which are booked for this month. The next entertainment date will be given in the daily papers.

GEORGE HECKATHORN INDICTED

He Must Answer the Charge of Assault
and Battery--Other Culprits to Be Heard
by the Court Next Week--Business Boom-
ing in Lisbon.

LIBSON, Dec. 17.—[Special.]—The divorce and alimony action of Susan Hoffman against L. Hoffman, which was on yesterday's assignment, was heard on the question of divorce only, alimony having been arranged between the interested parties before coming into court. Mrs. Hoffman's claim was drunkenness and cruel treatment. The parties have lived for a number of years in Unity township, were married 32 years ago, and are the parents of seven children, one minor daughter being given to the mother.

W. H. Thompson, who was brought to the Lisbon jail a few weeks ago in default of bond, was arraigned last evening. He pleaded guilty to a serious charge preferred by Ida Prickett. The court sentenced him to pay her \$450.

Mrs. Mary Bebout, of Hanover, has been divorced from Abner R. Bebout on grounds of habitual drunkenness. The plaintiff was given her maiden name, May Millward.

The case of Isabelle Charlton against William Patton has come to court from the docket of Squire Logan, East Palestine, where the defendant was bound in the sum of \$200 to answer a charge of a delicate nature.

Mrs. Emily Jordan, of this place, has applied to the court for an order restraining Lisbon from assessing against her \$65 due for sidewalks constructed along her property. The petition claims that the ordinance passed two years ago was unconstitutional, as the proper steps had not first been taken, and after its passage no notice of the resolution was served upon her. She asks the village be restrained from certifying the claim to the auditor.

The special grand jury reported to the court last evening as follows: George Heckathorn, East Liverpool, assault and battery; Charles P. Case, Rogers, assault, with intent to kill; Edward Green, Salem, assault and battery; Ed Gorthwaite and James Bell, Leetonia, petit larceny; John Dolan, Salem, forgery; Lewis Wickline and Lewis King, Salem, burglary.

A night session of court was held, and the prisoners arraigned, pleas of not guilty being entered in each case. The men will be tried next week.

John and William Brown, who operate the old Farmer mine at Salineville, were brought into court last evening, and convicted of contempt in having disobeyed its orders in regard to the mining of coal from that part of the mine under Salineville, against which an injunction was issued some time ago. The injunction was afterward modified and the Browns allowed to work a certain portion of the mine. The charge of contempt was not proven to have been done maliciously; but they had been careless, and were simply fined the costs. In passing on the matter, Judge Smith also rendered his decision in the case as it was tried to him several months ago, and made the injunction perpetual, prohibiting all work in the mine. The Browns will appeal.

Judge Smith was notified of the death of Judge Pease, in Massillon. A number of the members of the Columbiana county bar will attend the funeral.

TWO HAPPY DRUNKS.

They Were Captured by the Police and
Paid for Their Fun.

George Speck was drunk when Officer Earl found him on Fifth street last night. He acknowledged his mistake to Mayor Gilbert, and paid the assessment of \$6.75.

Henry Holmes was the name given by a drunk found on Second street by Officer Bertele. He was fined \$6.75 and paid.

Hugh Martin was released from jail last night after paying the amount usually charged for his offense.

JUSTICE WILL WORK.

Cases Filed in the Squires' Courts This
Morning.

The squires are doing a good business this week, and suits have been filed almost every day.

H. S. Rinehart this morning added to the docket of Squire Rose by serving George Bell for \$5.50. The case is listed for trial next Monday morning.

W. A. McCrea, of Canton, wants \$3.38 from Henry Ivers, who gave him a note for that amount.

EAST LIVERPOOL, O., THURSDAY, DEC. 17

PERHAPS the wild enthusiasm which
marks Cuban sympathy meetings in the
western states is due to the great dis-
tance these people are from the seat of
war.

THE Republicans might meet the
charges of corruption, so glibly made by
the Democrats, by asking who is to pay
for the services of those 6,000 silver agi-
tators.

WHEN the Democrats made their Wil-
son bill they locked all the doors and
worked in secret. The hearings of the
Republican committee are open to the
world.

THE Republicans may have some diffi-
culty in securing a majority in the sen-
ate, and thus be unable to enact a tariff,
but we think not. There is more than a
fighting chance, and Major McKinley is
not the man to lose that chance.

ALL the rules of civilized warfare
have been broken by this man Weyler,
with all the glee of a child with an in-
teresting toy, and yet Mr. Cleveland
cannot understand why this country
should demand humane consideration
for the Cuban.

ALL the good Republicans of Colum-
biana county who want an office under
the new administration cannot be ac-
commodated. Twenty years ago the
president had 80,000 appointments, ex-
clusive of the postmasters, to make; now
the number is near 2,000.

THE potting industry will not tremble
lurch for the future when it knows that
bravely John Dalzell will hear its claims
for a higher tariff. The Pittsburgh con-
gressman has too long been associated
with Major McKinley not to know a
thing of two about the needs of the
potter.

SENATOR PEPPER wants to squander
\$50,000 of the people's money by having
a commission composed of representa-
tives from each political party make us
a financial system. The wind has been
blowing with unusual force through the
Pepper bill lately, but this last is the
acme of Populistic fiddle de dee.

It has been a long time since the
Democrats of Ohio so enthusiastically
greeted the announcement of a govern-
mental candidate as they are now show-
ing upon the rumor that Paul Sorg is
in the field. In his nomination they see a
golden glitter well calculated to gladden
the hearts of politicians waiting for
pup.

JUDGE SMITH should ask no better
praise for his fearless enforcement of
the liquor law than the condemnation
heaped upon him by the whisky men.
To be styled a sycophant by the Wane
and Spirit News is as much in his
favor as though every respectable ele-
ment in the county had risen as one
man to call him blessed. The judge
should send a card of thanks to that
organ of sin and depravity.

OHIO IN THE WAR.

General Axline is a conservative
gentleman, and it is not probable he
would announce the presence of over
800 members of the National Guard in
the Cuban army if he did not have some
good ground for believing the informa-
tion in his hands to be authentic. Ohio
is very much in evidence in Cuba, and
the trained soldiers of the Guard have
been of invaluable service drilling raw
recruits and serving the modern artillery
of the patriots. And right here it might
not be out of order to repeat that Ohio
sympathizes with the poor and oppressed
of Cuba. In every county in the
state there is a sentiment favoring the
cause of freedom, which, although
now but a spark, would burst into bril-
liant flame if international law did not
prevent intervention. If President
Cleveland would but say the word not
many weeks would elapse until the
word Ohio would be as well known and

Perished in His Burning House.
LONDON, O., Dec. 17.—A terrible ac-
cident has occurred here. Luther John-
son awoke to find his house in flames.
He rushed upstairs to alarm the family.
Everyone of whom escaped with but
few injuries. Johnson was caught by
the falling roof, and when found four
hours later, was but a shapeless mass of
charred flesh. He was 71 years old and
subject to heart failure. He was a
prominent Odd Fellow.

A Fair in Cleveland.
CLEVELAND, Dec. 18.—Brunner Bros.,
retail jewelers, doing business at 57
Euclid avenue, have made an assign-
ment to Attorney E. J. Pinney. Assets
are estimated at \$10,000 and liabilities
at \$30,000.

Four Democrats Elected.
ATLANTA, Dec. 17.—An election has
been held through Georgia for four
justices of the supreme court. The
Democratic nominees, Samuel Lump-
kin, W. A. Little, Andrew J. Cobb and
W. H. Fish, were elected, practically
without opposition.

The Pension Bill Passed.
WASHINGTON, Dec. 17.—The pension
appropriation bill has passed the senate
without division. It is identical to the
bill as it passed the house and carries
\$141,328,580. The bill will now go to
the president.

GENERAL MACEO LIVING

Passengers at Key West Bring
the News.

SPANIARDS STOP THEIR FETES.
They Were Celebrating in Grand Style
the Alleged Death of the Great Cuban
General—Dr. Zertucha, the Alleged Be-
trayer, Arrested by the Spanish.

KEY WEST, Dec. 17.—Passengers ar-
riving here from Havana report that
Antonio Maceo is alive and well and is
in the province of Matanzas.

The passengers say that all of the
festivities that were going on in Ha-
vana to celebrate his death have been
ordered stopped since it has become
known that he is alive.

News comes from Havana, from
Spanish sources, that Dr. Zertucha,
who, as Maceo's physician, betrayed his
chief to the Spaniards, has been made a
prisoner by the Spanish. This might
indicate that his story is doubted, or
there was some crookedness in his trans-
action with the Spanish.

STRONG HOPE FOR CUBA.

The Cameron Resolution Recognizing
Cuban Independence Will Be Reported
to the Senate—A Committee Appointed
to Secure Additional Information.

WASHINGTON, Dec. 17.—A strong sen-
timent for Cuba exists in the senate
committee on foreign relations.

No action was taken at the meeting
and the committee adjourned to meet
tomorrow. The postponement of action
was for the purpose of securing fur-
ther information from the state depart-
ment as to the situation in Cuba,
especially as to the latest developments
in the island.

Cuba would have won had a vote
been taken.
The general tendency was toward the
simple declaration recognizing the in-
dependence of Cuba contained in the
Cameron joint resolution.

Sensors Sherman, Cameron and Tur-
pie were appointed a sub-committee to
go to the state department and confer
with Secretary Olney for the purpose
of seeing if he had any further infor-
mation which might be placed at the
disposal of the committee, and also to
ascertain more particularly what his
views are upon the effect of any defi-
nite declaration by congress. The ques-
tion was raised in the committee that
action by congress might produce re-
sults of great seriousness and this had
the effect of postponing action.

Another point raised was that it
would be in violation of all precedent
of congress to recognize republics or
other forms of new government, but
several members declared that the time
for growing precedents had arrived.

BATTLESHIP TEXAS SLANDERED.

Secretary Herbert Commands Naval Of-
ficers to Quit Their Attacks.

WASHINGTON, Dec. 17.—The secretary
of the navy has made public the find-
ings of the court of inquiry upon the
battleship Texas which recently sank
while being drydocked in New York.

The secretary says in substance that
the Texas is all right and has suffered
no more accidents than any other boat
of her class in the navy. She has been
subject, he says, to malicious and sur-
reptitious attacks from naval officers
and he issues a general order against
publication on such subjects. He
quotes a letter from Charles Cramp,
the shipbuilder, which says that Ameri-
can shipping interests have been in-
jured abroad by the reflections cast on
the Texas by the press. The Texas is
not one of Mr. Cramp's boats, but was
built by the government.

STORM ON ATLANTIC COAST.

Numerous Vessels Wrecked—Lives Lost
at New York.

NEW YORK, Dec. 17.—The northwest
storm which struck this city grew in
violence until a howling gale of 50
miles an hour raged, driving snow
through the air with blinding force and
piling it in drifts. The storm, which
cannot be called a blizzard, because
lacking the element of cold, was the
worst since 1888.

Ample warning of the approach of
the storm was given to the mariners,
and probably not much damage was
done to shipping.

Three deaths, due directly or indi-
rectly to the storm, have been reported
up to this time, and others are ex-
pected.

Numerous wrecks occurred along the
Atlantic coast, but no lives were lost.

The Reward Divided.

BUFFALO, Dec. 17.—Judge Lambert
has made a decision over the reward
offered for the capture and conviction
of the slayers of Montgomery Gibbs.
Deputy Sheriff Abrams is entitled to
\$100 of the city's award and Detective
James Doran is entitled to the other
\$400. The reward of \$1,000 given by
the relatives will be divided in the
same proportion. Both are from Cleve-
land.

Charges Against a U. S. Attorney.

SAN FRANCISCO, Dec. 17.—George W.
Monteith, an attorney for John Ison,
has sent a communication to President
Cleveland and to Hon. Judson Harmon,
attorney general of the United States,
proffering charges against United States
Attorney Henry Poole and asking his
removal from office. The charge is that
of collusion with the defendants in a
criminal case to defeat justice.

The Hawaiians Fear Japan.

SAN DIEGO, Cal., Dec. 17.—The secret
of Henry Cooper's mission to the United
States is out. Mr. Cooper is the Hawai-
ian minister of foreign affairs. He is
quoted as saying that he came to the
United States to urge annexation, owing
to the fears the Hawaiian govern-
ment has of Japan.

WANT BERKMAN FREED

Action Taken by A. F. of L.
Convention.

HEARTY SYMPATHY FOR CUBA.

Board of Pardons of Pennsylvania to Be
Petitioned to Free the Man Who Tried
to Assassinate H. C. Frick—Other Busi-
ness Transacted.

CINCINNATI, Dec. 17.—A number of
grievances have been considered by the
A. F. of L. convention. Many of them
are not of public interest.

The report of the grievances commit-
tee that the United Labor League of
Western Pennsylvania was not an affiliat-
ing body and its application could not
be considered, was concurred in.

A strong speech was made in favor of
the Olney arbitration bill by Delegate
Clarke.

The committee on resolutions made
an elaborate report. These resolutions
were considered ad seriatim. Among
those adopted were the resolutions recog-
nizing the labels of the Journeymen
Tailors' union and of the United Gar-
ment Workers; for the appointment of
a special committee to urge on congress
the restriction of immigration; oppos-
ing the credit and scrip system; for an
eight hour law and Sunday observance;
against the abuses of tenement houses;
offering help as well as affiliation to
the Horseshoers' union; for more
effective laws for the inspection of
boilers on land and water; offering aid
and affiliation to the National Harness-
makers' union.

A resolution condemning the federal
courts for making and administering
law, as well as interpreting it, in the
Debs and other cases, was discussed at
length and finally made the special
order for 4:30 this afternoon.

The most exciting debate of the day
was brought out when the committee
resolutions closed its report by offer-
ing the following:

Resolved, That the American Federa-
tion of Labor in national convention as-
sembled hereby tenders its hearty sym-
pathy to all men struggling against op-
pression, and especially the men of Cuba,
who for years have sacrificed and suffered
to secure the right of self-government.

Resolved, That the example of the peo-
ple of France in giving recognition and
aid to our fathers in their struggle to
secure the independence of the colonies is
worthy of imitation, and we hereby call
upon the president and congress to recog-
nize the belligerent rights of the Cuban
revolutionists.

Messrs. Gompers, McNeill, Weisman,
Warner, Sullivan, O'Donnell and oth-
ers made vigorous speeches favoring the
resolution, and some wanted it amended
so as to censure the president of the
United States for alleged indifference to
the patriots of Cuba.

After the main question was ordered
the resolution was adopted on a unit
vote of 90 to 8.

It was ordered that the election of

officers be the special order for 2:30 p.
m. tomorrow.

Delegate Weisman presented a long
petition from the trades unions of West-
ern Pennsylvania for the pardon of
Alexander Berkman, serving sentences
aggregating 22 years for shooting Man-
ager H. C. Frick of the Carnegie iron-
works. Mr. Weisman offered a resolu-
tion asking for the pardon of Berkman
on the ground that he was a misguided
zealot, that his punishment had already
been excessive and that he was now
worthy of executive clemency. All the
speeches were in favor of the resolu-
tion, and it was adopted and copies of
the same were ordered sent to the board
of pardons of Pennsylvania and to every
trade union in Pennsylvania for co-op-
eration for the release of Berkman.

ANARCHISTS MUST DIE.

Twenty-Eight Sentenced in Spain and 59
to Be Imprisoned.

BARCELONA, Spain, Dec. 17.—The
court-martial of the anarchists arrested
for complicity in the recent distur-
bances here has been concluded. The
sentences imposed are kept secret and
anyone divulging them is to be severely
punished. It is believed that 28 of the
anarchists have been sentenced to death
and 59 others to penal servitude. The
outrage for which these men were tried
was committed on June 7 last, during
the religious procession of Corpus
Christi.

Just as the procession was entering
the church of Santa Maria del Mar, a
bomb was thrown into the procession
and exploded, killing six persons in-
stantly and wounding 50 others, both in
the procession and among the specta-
tors, many of them subsequently died
of their injuries. Investigation by the
police developed the fact that this ou-
trage was the outcome of a plot by
anarchists, having wide ramifications
and directed from Paris.

MCKINLEY IN CHICAGO.

The President-Elect Joined His Wife
There Today.

CHICAGO, Dec. 17.—Major McKinley
has joined his wife at the home of her
cousins, the McWilliams. He left Can-
ton at 9:27 last evening, accompanied
by H. O. Heistand and Charles G.
Dawes of Illinois, who remained over
to accompany the president-elect, Abner
McKinley and the special newspaper
men who have been stationed at Canton
for months.

Major McKinley's object in coming
to Chicago is to find rest and change
and it is his intention to do as little as
possible and be as quiet as he can. He
is almost sure to remain over Sunday.
How late into next week he stays in the
Illinois metropolis depends entirely on
the degree of quiet and rest he secures.

SHERMAN'S FUTURE COURSE.

He Will Not Be in the Cabinet—Wants
to Be Re-Elected.

CLEVELAND, Dec. 17.—Senator Sher-
man will not be a member of the Mc-
Kinley cabinet.

He will, however, be a candidate for
re-election to the senate.
These statements are made officially.
The information comes from a reliable

source and several of the senator's most
intimate friends in Cleveland admitted
that they know it was a fact.

The senator's friends say that he feels
that he can be of more assistance to the
administration of Major McKinley in
the senate than in the cabinet.

His candidacy for re-election brings
up the interesting question as to what
will be the attitude of the Foraker fac-
tion in the matter.

Governor Bushnell would undoubt-
edly like to serve as senator from Ohio,
and he has Senator Foraker's friend-
ship. But it is a question yet to be set-
tled, whether the Forakerites will op-
pose the senior senator from Ohio.

A HORRIBLE ACCIDENT.

Three Children Burned to Death While
Tampering With Giant Powder.

GALLIOPOLIS, O., Dec. 17.—A report
has just reached here of a horrible
accident which occurred at Porter.
William Stevens had brought home a
quantity of giant powder to dry, and
putting it on a chair near the fire place
went about doing some odd jobs. His
children saw the explosive and thought
they would amuse themselves by cast-
ing some of it in the fire. In so doing
the drying powder was ignited and the
house set on fire. The mother was seri-
ously burned and fled, as did Stevens.
When they were out of the flames
they failed to find the children, and
realizing they would perish unless re-
scued, the bold father fought his way
through the flames and recovered the
bodies of his three children almost
burned to a crisp. The house and con-
tents were consumed by the flames.

MINERS CALLED TO MEET.

President Penna Calls Them For Their
National Convention.

COLUMBUS, Dec. 17.—President Penna
and Secretary Pearce have issued the
call for the national meeting of the
United Mine Workers, to be held in
this city Jan. 12, 1897. According to a
rule adopted at the last convention
only locals which have been in good
standing for one year will be entitled
to representation.

President Penna is not a candidate for
re-election, and the choice for national
president lies between Patrick Mc-
Bryde of Pennsylvania and M. D.
Ratchford and Alexander Johnson of
Ohio.

Italian Smuggler Caught.

CONNEAUT, O., Dec. 17.—An Italian
smuggler of jewelry, named Dominico
Quaranta, has been arrested here. He
had just alighted from a train from
Cleveland and was about to take a boat
for Point Dover, Ont., when captured
by the police. Quaranta is one of a
trio of smugglers who arrived at New
York on the steamer Clive from Naples
in November. They had sold their
jewelry and Quaranta was about to re-
turn to Naples for another supply. His
two accomplices have been arrested.

Smallpox in Japan.

VICTORIA, B. C., Dec. 17.—The steam-
ship Empress of India, just arrived from
the Orient, reports smallpox raging with
exceptional severity in the principal se-
aport towns of Japan.

SENATOR PEPPER wants to squander \$50,000 of the people's money by having a commission composed of representatives from each political party make us a financial system. The wind has been blowing with unusual force through the Pepper billes lately, but this last is the acme of Populistic fiddle de dee.

IT has been a long time since the Democrats of Ohio so enthusiastically greeted the announcement of a gubernatorial candidate as they are now showering upon the rumor that Paul Sorg is in the field. In his nomination they see a golden glitter well calculated to gladden the hearts of politicians waiting for pap.

JUDGE SMITH should ask no better praise for his fearless enforcement of the liquor law than the condemnation heaped upon him by the whisky men. To be styled a sycophant by the Wane and Spirit News is as much in his favor as though every respectable element in the county had risen as one man to call him blessed. The judge should send a card of thanks to that organ of sin and depravity.

OHIO IN THE WAR.

General Axline is a conservative gentleman, and it is not probable he would announce the presence of over 800 members of the National Guard in the Cuban army if he did not have some good ground for believing the information in his hands to be authentic. Ohio is very much in evidence in Cuba, and the trained soldiers of the Guard have been of invaluable service drilling raw recruits and serving the modern artillery of the patriots. And right here it might not be out of order to repeat that Ohio sympathizes with the poor and oppressed of Cuba. In every county in the state there is a sentiment favoring the cause of freedom, which, although now but a spark, would burst into brilliant flame if international law did not prevent intervention. If President Cleveland would but say the word not many weeks would elapse until the word Ohio would be as well known and

GENERAL MACEO LIVING

Passengers at Key West Bring the News.

SPANIARDS STOP THEIR FETES.

They Were Celebrating in Grand Style the Alleged Death of the Great Cuban General—Dr. Zertucha, the Alleged Betrayer, Arrested by the Spanish.

KEY WEST, Dec. 17.—Passengers arriving here from Havana report that Antonio Maceo is alive and well and is in the province of Matanzas.

The passengers say that all of the festivities that were going on in Havana to celebrate his death have been ordered stopped since it has become known that he is alive.

News comes from Havana, from Spanish sources, that Dr. Zertucha, who, as Maceo's physician, betrayed his chief to the Spaniards, has been made a prisoner by the Spanish. This might indicate that his story is doubted, or there was some crookedness in his transaction with the Spanish.

STRONG HOPE FOR CUBA.

The Cameron Resolution Recognizing Cuban Independence Will Be Reported to the Senate—A Committee Appointed to Secure Additional Information.

WASHINGTON, Dec. 17.—A strong sentiment for Cuba exists in the senate committee on foreign relations.

No action was taken at the meeting and the committee adjourned to meet tomorrow. The postponement of action was for the purpose of securing further information from the state department as to the situation in Cuba, especially as to the latest developments in the island.

Cuba would have won had a vote been taken.

The general tendency was toward the simple declaration recognizing the independence of Cuba contained in the Cameron joint resolution.

Senators Sherman, Cameron and Turpie were appointed a sub-committee to go to the state department and confer with Secretary Olney for the purpose of seeing if he had any further information which might be placed at the disposal of the committee, and also to ascertain more particularly what his views are upon the effect of any definite declaration by congress. The question was raised in the committee that action by congress might produce results of great seriousness and this had the effect of postponing action.

Another point raised was that it would be in violation of all precedent of congress to recognize republics or other forms of new government, but several members declared that the time for making precedents had arrived.

BATTLESHIP TEXAS SLANDERED.

Secretary Herbert Commands Naval Officers to Quit Their Attacks.

WASHINGTON, Dec. 17.—The secretary of the navy has made public the findings of the court of inquiry upon the battleship Texas which recently sank while being drydocked in New York.

The secretary says in substance that the Texas is all right and has suffered no more accidents than any other boat of her class in the navy. She has been subject, he says, to malicious and surreptitious attacks from naval officers and he issues a general order against officers of the department talking for publication on such subjects. He quotes a letter from Charles Cramp, the shipbuilder, which says that American shipping interests have been injured abroad by the reflections cast on the Texas by the press. The Texas is not one of Mr. Cramp's boats, but was built by the government.

STORM ON ATLANTIC COAST.

Numerous Vessels Wrecked—Lives Lost at New York.

NEW YORK, Dec. 17.—The northwest storm which struck this city grew in violence until a howling gale of 50 miles an hour raged, driving snow through the air with blinding force and piling it in drifts. The storm, which cannot be called a blizzard, because lacking the element of cold, was the worst since 1888.

Ample warning of the approach of the storm was given to the mariners, and probably not much damage was done to shipping.

Three deaths, due directly or indirectly to the storm, have been reported up to this time, and others are expected.

Numerous wrecks occurred along the Atlantic coast, but no lives were lost.

The Reward Divided.

BUFFALO, Dec. 17.—Judge Lambert has made a decision over the reward offered for the capture and conviction of the slayers of Montgomery Gibbs. Deputy Sheriff Abrams is entitled to \$100 of the city's award and Detective James Doran is entitled to the other \$400. The reward of \$1,000 given by the relatives will be divided in the same proportion. Both are from Cleveland.

Charges Against a U. S. Attorney.

SAN FRANCISCO, Dec. 17.—George W. Monteith, as attorney for John Isson, has sent a communication to President Cleveland and to Hon. Judson Harmon attorney general of the United States, protesting charges against United States Attorney Henry Foote and asking his removal from office. The charge is that of collusion with the defendants in a criminal case to defeat justice.

The Hawaiians Fear Japan.

SAN DIEGO, Cal., Dec. 17.—The secret of Henry Cooper's mission to the United States is out. Mr. Cooper is the Hawaiian minister of foreign affairs. He is quoted as saying that he came to the United States to urge annexation, owing to the fears the Hawaiian government has of Japan.

WANT BERKMAN FREED

Action Taken by A. F. of L. Convention.

HEARTY SYMPATHY FOR CUBA.

Board of Pardons of Pennsylvania to Be Petitioned to Free the Man Who Tried to Assassinate H. C. Frick—Other Business Transacted.

CINCINNATI, Dec. 17.—A number of grievances have been considered by the A. F. of L. convention. Many of them are not of public interest.

The report of the grievances committee that the United Labor League of Western Pennsylvania was not an affiliating body and its application could not be considered, was concurred in.

A strong speech was made in favor of the Olney arbitration bill by Delegate Clarke.

The committee on resolutions made an elaborate report. These resolutions were considered ad seriatim. Among those adopted were the resolutions recognizing the labels of the Journeymen Tailors' union and of the United Garment Workers; for the appointment of a special committee to urge on congress the restriction of immigration; opposing the credit and scrip system; for an eight hour law and Sunday observance; against the abuses of tenement houses; offering help as well as affiliation to the Horseshoers' union; for more effective laws for the inspection of boilers and for the inspection of water; offering aid and affiliation to the National Harness-makers' union.

A resolution condemning the federal courts for making and administering law, as well as interpreting it, in the Debs and other cases, was discussed at length and finally made the special order for 4:30 this afternoon.

The most exciting debate of the day was brought out when the committee on resolutions closed its report by offering the following:

Resolved, That the American Federation of Labor in national convention assembled hereby tenders its hearty sympathy to all men struggling against oppression, and especially the men of Cuba, who for years have sacrificed and suffered to secure the right of self-government.

Resolved, That the example of the people of France in giving recognition and aid to our fathers in their struggle to secure the independence of the colonies is worthy of imitation, and we hereby call upon the president and congress to recognize the belligerent rights of the Cuban revolutionists.

Messrs. Gompers, McNeill, Weisman, Warner, Sullivan, O'Donnell and others made vigorous speeches favoring the resolution, and some wanted it amended so as to ensure the president of the United States for alleged indifference to the patriots of Cuba.

After the main question was ordered the resolution was adopted on a unit vote of 60 to 9.

It was ordered that the election of

officers be the special order for 2:30 p. m. tomorrow.

Delegate Weisman presented a long petition from the trades unions of Western Pennsylvania for the pardon of Alexander Berkman, serving sentences aggregating 22 years for shooting Manager H. C. Frick of the Carnegie iron-works. Mr. Weisman offered a resolution asking for the pardon of Berkman on the ground that he was a misguided zealot, that his punishment had already been excessive and that he was now worthy of executive clemency. All the speeches were in favor of the resolution, and it was adopted and copies of the same were ordered sent to the board of pardons of Pennsylvania and to every trade union in Pennsylvania for co-operation for the release of Berkman.

ANARCHISTS MUST DIE.

Twenty-Eight Sentenced in Spain and 59 to Be Imprisoned.

BARCELONA, Spain, Dec. 17.—The courtmartial of the anarchists arrested for complicity in the recent disturbances here has been concluded. The sentences imposed are kept secret and anyone divulging them is to be severely punished. It is believed that 28 of the anarchists have been sentenced to death and 59 others to penal servitude. The outrage for which these men were tried was committed on June 7 last, during the religious procession of Corpus Christi.

Just as the procession was entering the church of Santa Maria del Mar, a bomb was thrown into the procession and exploded, killing six persons instantly and wounding 50 others, both in the procession and among the spectators, many of them subsequently died of their injuries. Investigation by the police developed the fact that this outrage was the outcome of a plot by anarchists, having wide ramifications and directed from Paris.

MCKINLEY IN CHICAGO.

The President-Elect Joined His Wife There Today.

CHICAGO, Dec. 17.—Major McKinley has joined his wife at the home of her cousins, the McWilliams. He left Canton at 9:27 last evening, accompanied by H. O. Heistand and Charles G. Dawes of Illinois, who remained over to accompany the president-elect, Abner McKinley and the special newspaper men who have been stationed at Canton for months.

Major McKinley's object in coming to Chicago is to find rest and change and it is his intention to do as little as possible and be as quiet as he can. He is almost sure to remain over Sunday. How late into next week he stays in the Illinois metropolis depends entirely on the degree of quiet and rest he secures.

SHERMAN'S FUTURE COURSE.

He Will Not Be in the Cabinet—Wants to Be Re-Elected.

CLEVELAND, Dec. 17.—Senator Sherman will not be a member of the McKinley cabinet.

He will, however, be a candidate for re-election to the senate. These statements are made officially. The information comes from a reliable

source and several of the senator's most intimate friends in Cleveland admitted that they knew it was a fact.

The senator's friends say that he feels that he can be of more assistance to the administration of Major McKinley in the senate than in the cabinet.

His candidacy for re-election brings up the interesting question as to what will be the attitude of the Foraker faction in the matter.

Governor Bushnell would undoubtedly like to serve as senator from Ohio, and he has Senator Foraker's friendship. But it is a question yet to be settled, whether the Forakerites will oppose the senior senator from Ohio.

A HORRIBLE ACCIDENT.

Three Children Burned to Death While Tampering With Giant Powder.

GALLIOPOLIS, O., Dec. 17.—A report has just reached here of a horrible accident which occurred at Porter. William Stevens had brought home a quantity of giant powder to dry, and putting it on a chair near the fire place went about doing some odd jobs. His children saw the explosive and thought they would amuse themselves by casting some of it in the fire. In so doing the drying powder was ignited and the house set on fire. The mother was seriously burned and died, as did Stevens. When they were out of the flames they failed to find the children, and realizing they would perish unless rescued, the bold father fought his way through the flames and recovered the bodies of his three children almost burned to a crisp. The house and contents were consumed by the flames.

MINERS CALLED TO MEET.

President Penna Calls Them For Their National Convention.

COLUMBUS, Dec. 17.—President Penna and Secretary Pearce have issued the call for the national meeting of the United Mine Workers, to be held in this city Jan. 12, 1897. According to a rule adopted at the last convention only locals which have been in good standing for one year will be entitled to representation.

President Penna is not a candidate for re-election, and the choice for national president lies between Patrick McBryde of Pennsylvania and M. D. Ratcliff of Ohio.

Italian Smuggler Caught.

CONNEAUT, O., Dec. 17.—An Italian smuggler of jewelry, named Dominio Quaranto, has been arrested here. He had just alighted from a train from Cleveland and was about to take a boat for Point Dover, Ont., when captured by the police. Quaranto is one of a trio of smugglers who arrived at New York on the steamer Clive from Naples in November. They had sold their jewelry and Quaranto was about to return to Naples for another supply. His two accomplices have been arrested.

Smallpox in Japan.

VICTORIA, B. C., Dec. 17.—The steamship Empress of India, just arrived from the Orient, reports smallpox raging with exceptional severity in the principal seaport towns of Japan.

and sometimes they come to those who do not wait. We have been trying to arrange with our New York Fur House to have a full line of their goods on display here for the holidays. We had a reasonable assurance that they would send us some goods to display; in fact, we had word from Mr. Sheets that he would send us a trunk of goods the first of next week. This morning we received a letter containing four trunk checks and the keys, and saying that they had concluded to send us their entire line. Now to say that we were pleased does not describe it. ARE MAKING PROGRESS

But Light Committee of Trades Council Had No Report.

NEW DELEGATES WERE ADMITTED

Because the Members in Whose Hands the Public Scale Matter Was Placed Had So Little Time, the Matter Was Taken From Them—Other Business.

The legislative committee of Trades council, in whose hands the matter of a municipal light plant was placed some time ago, did not make a startling report at the meeting last night. It was expected the committee would be in position to report a definite conclusion, but when it was called the chairman simply announced that it was making progress. Something is expected at the next regular meeting.

John McVey was admitted as a delegate from the shoemakers, Robert Hawkins from the pressers, Robert Newell from the carpenters and James Cochran from the jiggersmen. After they had been obligated and given their seats, the report of the treasurer was referred to the trustees. A warrant was drawn to pay the per capita tax assessed by the state assembly, and another for the payment of the expenses of three delegates to the meeting of the assembly in Columbus next month. The committee in charge of the project to have council establish a public scale and weighing station, reported that it had no time to look after the matter further, and it was relieved of the responsibility. E. W. Hill and Columbus Martin were made alternates, and will attend the Columbus convention if the delegates cannot be present.

WELLVILLE.

A RAILROAD MYSTERY.

The Car Shops Shut Down Without a Warning.

No little excitement was created in railroad circles yesterday when orders were received to lay off the employees of the car shops, the order to become effective at once. The notification includes those who work in the shops as well as the force on the outside. No explanation of the order was received. It has been the custom of the company to appropriate a sufficient amount to keep each department in operation each month, and when the money is exhausted, work in the department is discontinued. For this month the amount set aside for the car shops was \$500 less than usual, and many believe that is the cause of the shut down. No one knows how long it will continue. The order does not affect the wreck crew.

FIRE IN THE NIGHT.

It Might Have Done Away With a Family.

The family of D. J. Flack, living on Center street, narrowly escaped a catastrophe last night. During the night, fire caught in the sitting room from a grate, and burned the mantle, a portion of the furniture and the greater part of the carpet. For some reason which cannot be made clear it did not spread beyond that room. The family were in ignorance of the fire, and Mr. Flack was surprised there had been a fire when he awoke in the morning.

FOR FAIRMOUNT HOME.

The School Children Contributed to the Treat.

The treat which Wellsville will give the little orphans in Fairmount home will be a feast if all contributing institutions do as well as the public schools. A snug sum, \$25.06, was collected, and has been handed over to the proper parties. The donations ranged from 53 cents in some of the lower rooms to \$3.72 in the high school. Every room contributed.

DRUNK ON THE TRAIN.

Mr. Stone, a Vanport Man, Missed His Station.

A man who gave his name as C. M. Stone and his residence Vanport, left the evening west bound train at the station last night very drunk. He was picked up by Officer Moore and taken to jail, charged with disorderly conduct. Mayor Jones was too ill today to attend to business, and Stone did not have a hearing.

The News of Wellsville.

The trustees of the Methodist Episcopal church have taken out the gas in the Sunday school room, and replaced them with nine electric lights. With the other improvements being made, this will transform the place into one of the nicest Sunday school rooms in town.

The ladies of the Methodist Protestant church last evening gave a donation party to J. Marshall, of Hill street. Mr. Marshall has been suffering from consumption for weeks. The ladies took with them a large amount of groceries and clothing.

A party of young people will give a social and literary entertainment at the residence of Walter Duell, Coal street, this evening.

Earl, son of Frank Raleigh, is getting better, and is now believed to be out of danger.

Mr. and Mrs. Glass returned yesterday from the country, where they have been visiting.

Mrs. B. Jackman, of Commerce street, is ill with grip.

Will Franklin, who was arrested for creating a disturbance at Hotel Fuller, was released on security until Mayor Jones can attend to his case.

R. Shingler went to Pittsburg this morning on business.

Miss Lillie Barron, a student at the seminary at Gambier, will spend the holidays in this place.

Edward Beane, son of Master Mechanic John Beane, of the Cleveland, Canton and Southern, at Canton, is visiting in town.

Mrs. W. C. Bunting will donate the boxes to be used by the Episcopal church at its Christmas treat.

F. A. Junkins, machinist employed by the railway company, is ill.

John McSweeney has a very sore foot because a bar of iron dropped the other day, and Bert Riddle mashed a finger at the shops yesterday.

LOST THREE FINGERS

Surrey Robinson Hurt Part of His Hand.

HE WAS HUNTING OVER THE RIVER

The Gun Was an Old Fashioned One, and Robinson Was Loading It When the Charge Exploded—Walked Home With the Hand Tied Up.

Surrey Robinson, a well known resident of Robinson street, lost a portion of his hand while hunting in West Virginia this afternoon.

Robinson crossed the river this morning for a day's hunting, and went to Middle run. Soon after noon he shot a pheasant, and thinking he might get another was reloading the gun. He had put the powder and shot in the barrel, and was using the ramrod when the charge exploded. The contents of the gun passed through his hand, tearing the fingers awfully. In its course upward three shot barely missed his face, and took away the visor of his cap. One shot struck him on the nose. His face was blackened by the discharge, and he almost fainted, but succeeded in walking to the Gardner house, where he was cared for. His hand was bound up, and he came home as rapidly as possible. A physician was called, who found the hand in a bad way, but thinks he may be able to save some of the fingers. Robinson believes a spark had remained in the gun after the last discharge, as there was no cap on the tube, and he knows of no other cause for the accident. He will readily be remembered as the man who was shot several years ago in the abdomen by A. R. Bell, during a family row on Robinson street.

For Pneumonia.

Dr. J. C. Bishop, of Agnew, Mich., says: "I have used Foley's Honey and Tar in three very severe cases of pneumonia the past month, with good results."

Mrs. Robert Irwin, slipped and fell on the Calcutta road yesterday, and severely injured her arm.

A Tea.

Mrs. J. A. Good entertained her friends at tea at her home on Seventh street, this afternoon.

So Am I.

An elderly gentleman living in mid Lancashire was noted for his inebrity. On one occasion, when he had been imbibing pretty freely, he was met by the clergyman of the parish in which he lived.

"Drunk again, John!" said the pastor.

"So am I! So am I!" replied the truthful John, much to the amazement of his spiritual adviser.—Spare Moments.

Of the Earth, Earthy.

"No," said the gentleman who is fond of quoting texts, "I cannot give you anything on that account today. I know I promised you, and I am sorry, but man is naught but poor, weak clay, you know."

"I realize that," said the collector.

"I am glad you do, my friend."

"And I came around here in the hope of striking pay dirt, but I seem to have missed it."—Cincinnati Enquirer.

Music and a Church.

Any old and beautiful church gives as all that is most moving and noblest—organism, beauty, absence of all things momentary and worthless, exclusion of grossness, of brute utility and mean compromise, equality of all men before God; moreover, time, eternity, the past and the great dead. All noble churches give us this. How much more, therefore, St. Mark's, which is noblest and most venerable!

It has, like no other building, been handed over by man to nature; time molding and tinting into life this structure already so absolutely organic, so fit to live. For its curves and vaultings, its cupolas mutually supported, the weight of each carried by all; the very color of the marbles, brown, blond, living colors, and the irregular symmetry, flowerlike, of their natural patterning, are all seemingly organic and ready for vitality. Time has added that, with the polish and dimming alternately of the marbles and billowing of the pavement, the slanting of the columns, and last, but not least, the tarnishing of the gold and the granulating of the mosaic into an uneven surface; the gold seeming to have become alive and in a way vegetable and to have faded and shrunk like autumn leaves.

One Sunday morning they were singing some fugue composition, by I know not whom. How well that music suited St. Mark's! The constant interchange of vault and vault, cupola and cupola, column and column, handing on their energies to one another; the springing up of new details gathered at once into the great general balance of lines and forces; all this seemed to find its natural voice in that fugue, to express, in that continuous revolution of theme chasing, enveloping theme, its own grave emotion of life everlasting—being, becoming, being.—Contemporary Review.

The Blind Girl.

She would never see the sun rise again, never watch the dawn flushing over that low belt of firs that marked the verge of the meadow. And her pictures, the tentative studies of which had constituted her keenest pleasure, they would never be painted. No one but herself would ever know how the sun looked when it sank over a hill green with the first green of spring, while far distant along the horizon the trees were bare in exquisite tracery against a sky of palest violet.

Ah, the days, the days! She would be "poor Grace." Her cousins would surround her with their cheerful consolation pity, their quiet, practical acceptance of an extra care. She would never be free again.

And then suddenly, in a crash of terror, she saw the years, endless, unnumbered, relentless from sinister gulf of time. Twice 19 was 38. She might live her whole life over again and not be middle aged. She might treble the number of her years and still not be old.

Had no one ever noticed how long life was? Why did no one exclaim at it and cry against it?—Elizabeth Carter in Lippincott's.

Peacock's Feathers Unlucky.

Unluckiness seems to be confined to the bringing of the tail feathers of Junco's bird into a house. I am not aware that this idea is held outside this country, and if it is confined to England many various causes may have led to the belief, which possibly arose in comparatively modern times—no earlier than the crusades.

Nothing is more probable than that several crusaders brought home the gorgeous feathers as curiosities, a strange sight, and so likely to make a deep impression. Nothing is easier to conceive than that some misfortune, death from disease, loss of wealth or other "bad luck" may have happened to more than one possessor of the beautiful feathers, and that they would on that account soon be credited with being the cause. A belief of this kind once started is of rapid growth and very long lived.—Notes and Queries.

Want of Time.

The man who immerses himself in business that he may accumulate vast property, or that his family may live in luxury and idle lives, has no right to plead want of time for other claims. It is not true that he cannot comply with them, but that he has chosen not to do so. The woman who, absorbed in a round of gayety and society, declares that she has no time to train her children and superintend her household is uttering an expense as vain as it is false. She simply decides to use her time for other purposes. And this liberty of choice belongs to every one, in spite of any desire or attempt to disclaim it.—New York Ledger.

The advantage of a policeman over a burglar is that the officer has the law on his side. Health has the same advantage over disease. The Law of Nature is for people to be healthy. When they are sick Nature helps to cure them. Nature's law is the guide for curing sick people. There is no way but Nature's way. What the doctors call many different diseases Nature cures in one way; by nourishing the whole body with good, pure, rich, red blood. That is Nature's way of curing scrofula, erysipelas, kidney and "liver complaint," consumption and every form of eruptive and wasting disease. When you want to help Nature with medicine the medicine must work the same way as Nature works, then it has the laws of Nature on its side to make it powerful. That is the secret of Dr. Pierce's Golden Medical Discovery's wonderful cures. It assists Nature according to her own laws; it is on Nature's side and Nature helps it; it imparts new power to the nutritive and blood-making organs to create a large quantity of fresh, red, healthy blood which drives every germ of disease out of the system and builds up strong healthy tissues and solid flesh. The "Discovery" completely clears away every form of blood disease from the system; it even cures consumption. It is the only true radical cure for that disease; facts and testimony to prove it.

"I would like to tell the whole world what your Golden Medical Discovery has done for me. The doctor, who is considered an expert on lung troubles, told me I had consumption. He said both my lungs were diseased and I could not live long. I felt downhearted for I have dear little children to live for. I went to him to get his opinion. I am glad I did, for now I know what your medicine will do. When I started on the second bottle I was better in every way and was able to take a walk on every fine day. I enjoyed the first bottle very much, and by the time I had finished the second bottle I began to feel like a new woman. I still had a cough, but I got a third bottle and by the time it was half gone I was completely cured."

CAN'T MAKE A MISTAKE.

All you have to do is to take your Neighbor's Advice and Promptly Act on it.

Our readers have no excuse for going astray. The way is almost fenced with guide posts in East Liverpool! They are on every highway and byway. "He that runs may read." Investigate this example. Any day you can notice a cart running too and from the Post Office driven by a letter carrier. It's the only one in the city, so you can't make a mistake. It's occupant's name is Mr. Henry Bevington. His residence is at the corner of Avondale and Bradshaw avenue. Walk out there and interview Mrs. Bevington about Doan's Kidney Pills.

You can't make any mistake about following her advice. She says: "During the last three years I have been troubled with my kidneys, having a dull steady aching pain in the back. When stooping over or sitting for some time it would change to quick pang as I arose to an upright position. My back tired out easily when walking or standing long and I often had headaches, dizziness and in the morning great depression. I have taken medicines, many of them, but have found Doan's Kidney Pills that I got at W. and W. Pharmacy to be more suitable for my complaint than anything I ever tried. I have no trouble with my back, do not have the headache as I did, rest well, feel refreshed in the morning and get up earlier than I did before taking them. I give Doan's Kidney Pills credit for my better health and advise others to use them as I am sure they will find them up to their representation." Doan's Kidney Pills are for sale by all dealers. Price, 50 cents per box. Sent by mail on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

ARE MAKING PROGRESS

But Light Committee of Trades Council Had No Report.

NEW DELEGATES WERE ADMITTED

Because the Members In Whose Hands the Public Scale Matter Was Placed Had So Little Time, the Matter Was Taken From Them—Other Business.

The legislative committee of Trades council, in whose hands the matter of a municipal light plant was placed some time ago, did not make a startling report at the meeting last night. It was expected the committee would be in position to report a definite conclusion, but when it was called the chairman simply announced that it was making progress. Something is expected at the next regular meeting.

John McVey was admitted as a delegate from the shoemakers, Robert Hawkins from the pressers, Robert Newell from the carpenters and James Cochran from the jiggersmen. After they had been obligated and given their seats, the report of the treasurer was referred to the trustees. A warrant was drawn to pay the per capita tax assessed by the state assembly, and another for the payment of the expenses of three delegates to the meeting of the assembly in Columbus next month. The committee in charge of the project to have council establish a public scale and weighing station, reported that it had no time to look after the matter further, and it was relieved of the responsibility. E. W. Hill and Columbus Martin were made alternates, and will attend the Columbus convention if the delegates cannot be present.

Music and a Church.

Any old and beautiful church gives as all that is most moving and noblest—organization, beauty, absence of all things momentary and worthless, exclusion of grossness, of brute utility and mean compromise, equality of all men before God; moreover, time, eternity, the past and the great dead. All noble churches give us this. How much more, therefore, St. Mark's, which is noblest and most venerable!

It has, like no other building, been handed over by man to nature; time molding and tinting into life this structure already so absolutely organic, so fit to live. For its curves and vaultings, its cupolas mutually supported, the weight of each carried by all; the very color of the marbles, brown, blond, living colors, and the irregular symmetry, flowerlike, of their natural patterning, are all seemingly organic and ready for vitality. Time has added that, with the polish and dimming alternately of the marbles and billowing of the pavement, the slanting of the columns, and last, but not least, the tarnishing of the gold and the granulating of the mosaic into an uneven surface; the gold seeming to have become alive and in a way vegetable and to have faded and shrunk like autumn leaves.

One Sunday morning they were singing some fugue composition, by I know not whom. How well that music suited St. Mark's! The constant interchange of vault and vault, cupola and cupola, column and column, handing on their energies to one another; the springing up of new details gathered at once into the great general balance of lines and forces; all this seemed to find its natural voice in that fugue, to express, in that continuous revelation of theme chasing, enveloping theme, its own grave emotion of life everlasting—being, becoming; becoming, being.—Contemporary Review.

The Blind Girl.

She would never see the sun rise again, never watch the dawn flushing over that low belt of firs that marked the verge of the meadow. And her pictures, the tentative studies of which had constituted her keenest pleasure, they would never be painted. No one but herself would ever know how the sun looked when it sank over a hill field green with the first green of spring, while far distant along the horizon the trees were bare in exquisite tracery against a sky of palest violet.

Ah, the days, the days! She would be "poor Grace." Her cousins would surround her with their cheerful consolatory pity, their quiet, practical acceptance of an extra care. She would never be free again.

And then suddenly, in a crash of terror, she saw the years, endless, unnumbered, relentless from sinister gulf of time. Twice 19 was 38. She might live her whole life over again and not be middle aged. She might treble the number of her years and still not be old.

Had no one ever noticed how long life was? Why did no one exclaim at it and cry against it—Elizabeth Carter in Lippincott's.

Peacock's Feathers Unlucky.

Unluckiness seems to be confined to the bringing of the tail feathers of Junco's bird into a house. I am not aware that this idea is held outside this country, and if it is confined to England many various causes may have led to the belief, which possibly arose in comparatively modern times—no earlier than the crusades.

Nothing is more probable than that several crusaders brought home the gorgeous feathers as curiosities, a strange sight, and so likely to make a deep impression. Nothing is easier to conceive than that some misfortune, death from disease, loss of wealth or other "bad luck" may have happened to more than one possessor of the beautiful feathers, and that they would on that account soon be credited with being the cause. A belief of this kind once started is of rapid growth and very long lived.—Notes and Queries.

Want of Time.

The man who immerses himself in business that he may accumulate vast property, or that his family may live luxurious and idle lives, has no right to plead want of time for other claims. It is not true that he cannot comply with them, but that he has chosen not to do so. The woman who, absorbed in a round of gaiety and society, declares that she has no time to train her children and superintend her household is uttering an excuse as vain as it is false. She simply decides to use her time for other purposes. And this liberty of choice belongs to every one, in spite of any desire or attempt to disclaim it.—New York Ledger.

So Am I.

An elderly gentleman living in mid Lancashire was noted for his inebrity. On one occasion, when he had been imbibing pretty freely, he was met by the clergyman of the parish in which he lived.

"Drunk again, John!" said the pastor.

"So am I! So am I!" replied the truthful John, much to the amazement of his spiritual adviser.—Spare Moments.

Of the Earth, Earthy.

"No," said the gentleman who is fond of quoting texts, "I cannot give you anything on that account today. I know I promised you, and I am sorry, but man is naught but poor, weak clay, you know."

"I realize that," said the collector.

"I am glad you do, my friend."

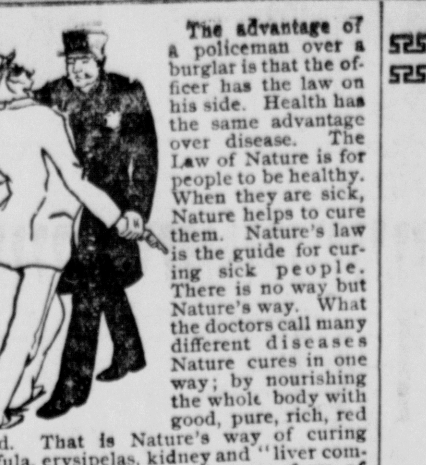

"And I came around here in the hope of striking pay dirt, but I seem to have missed it."—Cincinnati Enquirer.

Out of Sight.

Second Aeronaut—How did she like it?

First Aeronaut—Oh, she was quite taken up with it.—New York Press.

The advantage of a policeman over a burglar is that the officer has the law on his side. Health has the same advantage over disease. The Law of Nature is for people to be healthy. When they are sick, Nature helps to cure them. Nature's law is the guide for curing sick people. There is no way but Nature's way. What the doctors call many different diseases Nature cures in one way; by nourishing the whole body with good, pure, rich, red blood. That is Nature's way of curing scrofula, erysipelas, kidney and liver complaint, and every form of "plague," consumption and wasting disease. When you want to help Nature with medicine the medicine must work the same way as Nature works, then it has the laws of Nature on its side to make it powerful. That is the secret of Dr. Pierce's Golden Medical Discovery's wonderful cures. It assists Nature according to her own laws; it is on Nature's side and Nature helps it; it imparts new power to the nutritive and blood making organs to create a large quantity of fresh, red, healthy blood which drives every germ of disease out of the system and builds up the strong healthy tissues and *life* of flesh. The "Discovery" completely clears away every form of blood-disease from the system; it even cures consumption. It is the only true radical cure for that disease; facts and testimony to prove it.

"I would like to tell the whole world what your 'Golden Medical Discovery' has done for me. The doctor, who is considered an expert on lung troubles, told me I had consumption. He said both my lungs were diseased and I could not live long. I felt down-hearted for I have dear little children to live for. I just went to him to get his opinion. I am glad I did for now I know what your medicine will do. When I started on the second bottle I was better in every way and was able to take a walk on evening. I enjoyed my sleep, my appetite was good, and by the time I had finished the second bottle I began to feel like a new woman. I still had a cough, so I got a third bottle and by the time it was half gone I was completely cured."

CAN'T MAKE A MISTAKE.

All you have to do is to take your Neighbor's Advice and Promptly Act on it.

Our readers have no excuse for going astray. The way is almost fenced with guide posts in East Liverpool! They are on every highway, and byway. "He that runs may read." Investigate this example. Any day you can get a cart running too and from the Post Office driven by a letter carrier. It's the only one in the city, so you can't make a mistake. It's occupant's name is Mr. Henry Bevington. His residence is at the corner of Avondale and Bradshaw avenue. Walk out there and interview Mrs. Bevington about Doan's Kidney Pills.

You can't make any mistake about following her advice. She says: "During the last three years, I have been troubled with my kidneys, having a dull steady aching pain in the back. When stooping over or sitting for some time it would change to quick pang as I arose to an upright position. My back tired out easily when walking or standing long and I often had headaches, dizziness and in the morning great depression. I have taken medicines, many of them, but have found Doan's Kidney Pills that I got at W. and W. Pharmacy to be more suitable for my complaint than anything I ever tried. I have no trouble with my back, do not have the headache as I did, rest well, feel refreshed in the morning and get up earlier than I did before taking them. I give Doan's Kidney Pills credit for my better health and advise others to use them as I am sure they will find them up to their representation."

Doan's Kidney Pills are for sale by all dealers. Price, 50 cents per box. Sent by mail on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
